Salt Lake City, UT:	Wednesday, Oct 20 at 4pm	Marriott Salt Lake City- University Park 480 Wakara Way
	Thursday, Oct 21 at 12pm	

**Learn about minimally invasive spine surgery.** We'll discuss the latest surgical techniques to relieve your back or neck pain, and answer your questions.

**Meet one-on-one with our physician.** Bring your MRI films or CT scans to the seminar, and our board-certified physician will review them and discuss treatment for your specific condition.

Laser Spine Institute's minimally invasive procedures are the safe and effective alternative to open back or neck surgery.

Each month, more people come to Laser Spine Institute to relieve their pain than to any other spine surgery center in the world.

- Outpatient procedure
- Less than 1-inch incision
- No fusions or hardware
- No lengthy recovery
- No general anesthesia
- 90% patient satisfaction

Most insurance accepted—contact us today to confirm your benefits.
