The Blanding Police Department reminds residents that this Saturday, September 25, is National Prescription Drug Take Back Day. This is the day you can bring your unused over-the-counter and prescription drugs to the Blanding Police Office at 105 East 500 North and dispose of them safely and properly. Studies have shown that old unused prescription pharmaceuticals and over-the-counter medications make their way into a city’s water system if they are flushed down the toilet. This is because waste treatment facilities cannot remove them.

Correctly dispose of these medications the next time you are at the pharmacy. Bring them in or ask a pharmacist to remove them. This is because waste treatment facilities cannot remove them.

What most surprises Judy is what she finds about pioneer women. In her lively and informative, sometimes poignant, humorous, but always reflective narrative, she moves beyond polar stereotypes of Victorian women who were always proper and Calamity Jane who drank whiskies, cursed, and carried guns. She finds a spectrum of attitudes, education, occupation, family, black women and Native Americans, healers, women who were motivated by their religious beliefs, and foremothers of the modern women’s movement. She parallels the past with experiences in the present.

The Edge of the Cedars State Park’s Museum is open Monday through Saturday from 9 a.m.-5 p.m. Please call 435-238-2188 for information on this program or about upcoming events.

Author Judy Busk, pictured with her husband Neal, will present “The Sum of Our Past: Revisiting Pioneer Women” at the Edge of the Cedars State Park Museum September 30th. (courtesy photo)

Turn in old, unused medication and drugs Saturday

The Blanding Police Department reminds residents that this Saturday, September 25, is National Prescription Drug Take Back Day.

The Blanding City Police Department reminds residents that this Saturday, September 25, is National Prescription Drug Take Back Day. This is the day you can bring your unused over-the-counter and prescription drugs to the Blanding Police Office at 105 East 500 North and dispose of them safely and properly. Studies have shown that old unused prescription pharmaceuticals and over-the-counter medications make their way into a city’s water system if they are flushed down the toilet. This is because waste treatment facilities cannot remove them.

Unused drugs in your home also present opportunities for others to raid your medicine cabinet and use drugs they are seeking for ways to get high. It provides legal or prescription drugs to others so they can get high. You can turn it too awfully drug addicts and the Blanding Police Office Saturday from 10 a.m. until noon.

HOMES WILL BE BUILT IN BLANDING
