Quilts on display at local store
Events highlight quilting traditions of surrounding area

Quilting traditions of the Bear River Heritage Area (BRHA) will be highlighted in an upcoming series of events that feature historical and contemporary quilters and their work in northeastern Utah and southeastern Idaho.

March 21-28, historic quilts of local significance will be on display at My Girlfriend’s Quilt Shoppe, 1115 N. 200 East in Logan, in conjunction with a workshop given by Kay Capps Cross, national long-arm quilting expert. The workshop will be Friday and Saturday, March 22-23. The display can be seen during regular store hours, 10 a.m. to 6 p.m. Monday through Saturday.

For more information about the workshop, go to www.mygirlfriends-quiltshoppe.com, or call the store at 435-213-3229.

At the end of the exhibit, Thursday, March 28, the Utah Humanities Council, BRHA, and My Girlfriend’s Quilt Shoppe will co-sponsor a talk by folklorist Sara Jordan and invited quilters from 6:30 to 8 p.m. The presentation will highlight the research of quilting traditions and practices, and oral history interviews with quilters of the region. Refreshments will be served.

For more information about the talk or the quilt project, call the Bear River Heritage Area at 435-713-1426, or Sara Jordan at 801-869-0285. This program is sponsored by the Utah Humanities Council, National Endowment for the Arts, Bear River Association of Governments and My Girlfriend’s Quilt Shoppe. The Bear River Heritage Area is a seven-county region that includes Cache, Box Elder and Rich counties in northern Utah and Oneida, Caribou, Franklin and Bear Lake counties in southeastern Idaho.

For more information about the programs of the BRHA go to www.bearriverheritage.com.

Guitarist to perform at Crumb Brothers
