### Family Self Guide

Self guide for families to walk around the orchard will be created. It will be geared more towards families helping children. It will be one page. 2 sided, color, on legal size paper.

### Docent Tours

Docent’s will have shadow boxes with the stuff that was donated to us by Phyllis Chatwin. People will be able to look at these items as they are being explained and learn some history of the object by the docent.

### Living History

We would like to get a juicer so when we do tours or programs at the Huber Grove our guests can experience making apple juice, as that was one of the main things Maria Huber was famous for.

### Huber Family Reunion

It would be nice to be able to host the descendants of the Huber family for a small picnic or other gathering for the day.
